SPIRITUALISM.

Marie A. Davidson, Ph. D., SPIRITUALIST MEDIUM. Mm. Davidson is assisted and controlled by spirit intelligence, and while under these controls can and does project the astral self, or spirit, to any part of the world, describing people, dead and alive; and it seems, indeed, that her knowledge must come from that mysterious world of which we would know, yet, longing, cannot realize. She looks far away into the mysterious future; the great "beyond," across the dark chasm which separates the human body from the flitting soul. Bear in mind, dear friends, that Mediumship is a divine mission, and the infinite spirit of love who bettows such a gift means that it be used for the good of mankind. We but ask to be consulted as to our honesty and sincerity.
